How your child can get a SchokoTicket

If your child would like to use buses and trains to get to school and to get around in their free time, then the SchokoTicket is perfect for them. Simply fill out a subscription application and get it signed and stamped by your child's school. Hand over the completed application to your transport company, either in person at the Customer Centre or by post. The SchokoTicket will then be sent to you by post.

Your child can only receive a SchokoTicket if their school has an agreement with the local transport company.

Is your child over 15 years old? In that case, we will need you to provide us with a certificate of school enrolment every year.

Mobility guarantee

up to € 25 between
5 a.m. and 8 p.m.;
up to € 50 between 8 p.m.
and 5 a.m.

A ZusatzTicket (add-on ticket) for your bicycle

Would your child like to take their bike with them on the bus or train? In that case, you will need a ZusatzTicket – one per journey and per bicycle.

Please note: The SchokoTicket is a personal pass and is only valid when used with a photo ID.

Can be cancelled at any time: You can cancel your subscription at any time up to the 15th of a calendar month. If you cancel within the first 12 months, a surcharge of €20 will apply. There will be no surcharge after the first 12 months. The cancellation period of up to the 15th of a calendar month still applies, however.

SchokoTicket holders may travel with an extra two passengers throughout the VRR network for the whole day on their birthday for a birthday trip in 2020. Find more information at www.vrr.de.

Bicycle transport

Transportation companies are generally also happy for your child to travel with their bicycle, but in the interest of other passengers, this depends on the time of travel, the volume of traffic and the amount of space available. Please therefore contact your transport company in advance regarding any rules and restrictions that might apply to bicycle transport. A ZusatzTicket (add-on ticket) per journey is required to travel with a bicycle.

Timetable app

Would you like to travel by bus and rail and do you need information and services for your journey? With the VRR timetable app and the timetable apps from the local transport companies for iOS and Android you can always have your own personal travel companion with you. Simply enter your starting location and your final destination and the app will show the local transport connections you need to take. If there should be any service interruptions during your journey, you shall be informed of this on your smartphone. You can download the apps from the respective app stores.

Please note: You can find travel times for school transport on your transport company's website.
