Dear passenger,

The transport association Verkehrsverbund Rhein-Ruhr (VRR) and its various affiliated transport companies provide you with a coordinated transport schedule and offer tickets, passes and services that fit your individual needs.

With this brochure, we would like to introduce you to our range of tickets and passes – regardless of whether you use local public transport frequently or whether you only occasionally wish to take the bus or train. You can find out which fare categories the various tickets and passes are valid for, and on pages 18 and 19 there is an overview of the VRR operating area. So that you always know who to contact in case you have a question or issue regarding local public transport, we have provided you with the contact information for all of the municipal and rail transport companies that make up the VRR network on the last pages of this brochure.

Note: In the text that follows only the masculine form is used to improve readability. All information does of course apply to members of all sexes.

We wish you safe and happy travels on our buses and trains!

Good reasons to purchase a subscribed pass

Can be cancelled at any time: Your subscription can be cancelled by up to the 15th of a calendar month. If you cancel before the end of the first 12 months, you will be charged the difference with the corresponding monthly ticket price from the first month of your subscription. You will therefore never pay more than the price of a monthly ticket. There will be no surcharge after the first 12 months. The cancellation period of up to the 15th of a calendar month remains.

- You can save hard cash compared to a regular monthly pass.
- You can save time by not having to buy individual tickets or wait in queues.

A3 in five large cities with very dense and high-quality local transport service

Fare category B
In fare category B, select a central fare zone from which you can travel into the directly adjacent fare zones. Note that the central fare zone does not need to be the fare zone in which you reside. You could, for example, live in Krefeld, but choose Willich as your central tariff area.

**EinfachWeiterTicket**

With the EinfachWeiterTicket, it is easy and uncomplicated to move between the VRR, the Aachener Verkehrsverbund (AVV) and the Verkehrsverbund Rhein-Sieg (VRS). This must be combined with a time-based ticket/pass (Monthly ticket/subscription ticket) or a network-wide KombiTicket (See page 30) from VRR, AVV or VRS or an NRW time-based ticket/pass.

Important notes

**Timetable app**
Would you like to travel by bus and rail and do you need information and services for your journey? With the VRR timetable app and the timetable apps from the local transport companies for iOS and Android you can always have your own personal travel companion with you. Simply enter your starting location and your final destination and the app will show the local transport connections you need to take. If there should be any service interruptions during your journey, you shall be informed of this on your smartphone. You can download the apps from the respective app stores.
Bicycle transport
Generally: The VRR transport companies are happy to transport your bicycle. However, in the interests of all passengers, this can depend on the time of day, traffic conditions and the space available. Therefore please contact your transport company in advance regarding any rules and restrictions that might apply to bicycle transport. If you would like to take a bicycle with you within the VRR network, you generally need to purchase a ZusatzTicket (additional ticket). However, with some tickets, bicycle transport is included with the ticket. On pages 14 and 15 there is information about whether you may take a bicycle with your ticket at no extra charge or whether you need a ZusatzTicket (additional ticket). A FahrradTagesTicket NRW (bicycle day pass) can be used in combination with VRR single tickets or season tickets, as well as all other tickets in the NRW-tariff.

KombiTicket
The KombiTicket combines the ticket for admission to an event with a ticket for transport on the VRR network. If you attend events such as conferences, concerts, sporting events or amusement parks, then in some cases your admission ticket also serves as a bus and train ticket.

It is easy to find out if this is the case just by taking a look at your ticket. If it is also valid as a KombiTicket, this will be written on the ticket.

The tickets are valid on the day of the event and are good for the trip to and from the event location. You can obtain your KombiTicket from the event organiser or its vendors and at all sales point that have a KombiTicket logo.
Mobility guarantee

We always strive to bring you to your destination on time. However, if we are unable to do this due to traffic, illegal parking or malfunctions of vehicles and operating equipment, you can take advantage of our mobility guarantee. This is valid for all VRR and NRW tickets.

It applies if the transport you have chosen departs from the stop 20 minutes later than indicated on the schedule and no other obvious bus or rail alternative exists. If you end up needing to take an IC/EC, ICE or taxi to complete your journey, we will reimburse you for a portion of the additional costs incurred.

As a Ticket2000 or BärenTicket customer, you will receive up to 50 euros for the day. If you use another ticket, we will reimburse you with 25 euros for trips between 5 a.m. and 8 p.m. For trips between 8 p.m. and 5 a.m., the amount increases to 50 euros.

All you need to do is submit an application to your transport company within 14 days of the delay incident. You can obtain the form for this at your customer centre or as a download at www.vrr.de.
